Broad format support

Highest standards of data security, GDPR-compliant data processing

Professional project management and smooth integration into your processes guaranteed in every package

Light package

AI translation is the ideal solution for simple requirements and internal content – when speed is what counts and precision is not the priority.

- Express delivery under high time pressure
- Best price guarantee
- Price per word from € 0.01

Highly suitable for:

- Internal communication
- Non-critical content
- Projects with tight time frames and budget constraints

Light combines automation and efficiency without straining the budget.

Smart package

The efficiency of AI translation combined with a human and machine check – ideal for temporary content or high-volume projects with tight time frames.

- AI translation with intelligent quality assurance
- Human in the loop – an extra safeguard
- Speed & scalability for large volumes of data
- Fair price
- Terminology and DTP optional extras
- Price per word from € 0.06

Ideal for:

- Large translation volumes
- Projects under time pressure

Smart is the perfect balance of technology, quality and cost efficiency.

Professional package

Highest translation quality for complex, technically demanding content.

- AI-supported translation
- Meticulous and thorough post-editing by experienced professional translators
- Intelligent quality assurance at the highest level
- Certified in accordance with ISO 18587
- Terminology management
- DTP optional extra
- Insurance protection
- Price per word from € 0.10 (graduation of prices to account for text repetition)

Perfect for:

- Technical documentation
- Safety-relevant texts

Professional – for more complex content with regulatory requirements.

Premium package

Tailored to meet the most stringent requirements and deliver maximum assurance – when every word counts.

- Assigned team of specialist translators with a deep understanding of your industry and your company
- Direct contact with professional native-speaker translators
- Assigned itl contact for smooth communication
- Quality assurance Plus for maximum precision
